

Request for Articles

We invite and encourage you to send us an article for the Journal of the Oughtred Society (JOS). Articles can be on any aspect of slide rules, slide charts, mechanical calculators, other calculating devices, people, collecting, models, manufacturers, operation, uses, history, mathematics, information for beginners, or whatever interests you in connection with the Oughtred Society.

Articles can be brief or extensive, elementary or technical. The Journal depends on members to write articles for publication. We encourage you to participate.

The JOS editorial team consists of Editor Bob Koppány and Associate Editors Otto van Poelje and David Sweetman, with help from Assistant Editors. Bob handles graphic design, typesetting, and layout. Otto and David provide editing support.

Articles should be submitted by 1 November for possible inclusion in the Spring JOS issue or by 1 May for the Fall JOS issue.

If you are in the United Kingdom or Europe, please send your draft article to Otto van Poelje at ovpoelje@rekeninialen.org.

If you are in the USA or the rest of the world, please send your draft article to David Sweetman at david_for_os@att.net.
