

## **ANNOUNCEMENT – IM2011 - From the Old World to the New: European Roots and American Slide Rules**

Dear Members,

The Oughtred Society is pleased to be co-hosting the **International Meeting of Slide Rule Collectors - IM 2011** in conjunction with special events and displays at the **MIT Museum**. The meeting will be held **September 22-25** at **Le Meridien Hotel, Cambridge, MA**, which is located within walking distance of the MIT campus.

A block of rooms has been set aside at Le Meridien for Oughtred Society Members at a discount rate of \$209/night plus applicable taxes and fees. Members may access the following web address to learn more about the hotel and surrounding area, and to book, modify or cancel their reservations. The reservations website is available until August 23, but we strongly urge attendees to consider booking early since hotel space in Cambridge/Boston in September tends to fill quickly and the number of rooms at the guaranteed rate is limited.

**Registration Costs: Member: \$245, Member Spouse: \$125, Non-Member: \$295**

Conference registration costs include attendance to all activities at Le Meridien, all MIT-sponsored events, Breakfast and Lunch on Friday, Breakfast, Lunch and Dinner on Saturday, refreshments breaks during the conference, and a digital copy on disk of the proceedings. Hard copies of the proceedings will also be available for purchase at the meeting. Hotel room and any additional accommodations are not included and will need to be handled separately by the attendee. MIT is located in the heart of Historic Cambridge just a few short miles from

Downtown Boston, one of America's earliest cities. From their Colonial roots to today's thriving communities, the Boston/Cambridge area is home to a wealth of cultural and education institutions. Both cities offer World Class shopping, sightseeing and recreational opportunities.

We look forward to seeing you in Cambridge!

Summary of Proceedings:

- Richard Smith Hughes, "The Peruvian-German Connection: The ARISTO nr 10065 System Gruter"
